

Privacy Statement

Het Duivelsei will store your data and use it to notify you of activities within the association. Address, postal code, town residency and (own) phone number are for correspondence with the treasurer if the need arises. By asking a date of birth, we can establish the average age of our members. Parents' phone number will only be used in case of (medical) emergencies. The e-mail address listed is the one we will send e-mails to.

Your data will not be shared with third parties, except for our branch organisation: the Local Chamber of Associations (PKvV). To them we only share the information they need to establish our amount of members and whether they are students or not. Your data will not be used for other purposes than outlined above.

Should there be any changes in your personalia, such as a change of address, you need to notify the board by mailing to abactis@duivelsei.nl.

Publishing photos and videos

During activities of Het Duivelsei we might make pictures or videos. On the one hand these are used to create images for our members, which can then be used in platforms like our yearbook. On the other hand we would like to be able to promote the association on student platforms and social media, in order to appeal to new members. Naturally we handle photographic material carefully. We won't post any images that might be harmful to our members. On your sign up form, you have granted permission for use of photos and videos in which you recognizably appear: in our yearbook, on our website, on our social media and/or on third-party platforms. This information will be shared with our photo committee (the Fotocie) and our social media committee (the Instacie). If you want to check for which of these you have granted permission or change which permissions you have granted, please send an email to abactis@duivelsei.nl.
